Dear Miss Morey:

I have decided not to let your letter of June 1 go unanswered. First you mention giving peace a chance. This would be fine if we could get all people of the world to think this way. Communists know nothing but force.

You also mention your father being a ~~minister~~ minister. I have two cousins who are ministers, and did have two uncles who were ministers. I have served my church as its Treas. for over 30 years. I respect ministers as a class, more than any other professional class of people. However I have known a few ministers, that I would rather take my chances as theirs.

Since we are in Vietnam, and you and I did not have any thing to do with our being there, and Mr Nixon inherited the situation, what do you think Mr Nixon should do about it, surrender???

Sincerely,

Leon Long
