

5/20/69

Leggett statement re eight students involved in disrobing incident:

The students have already been tried and perhaps will be tried again in the court,^{ed} and to some extent they have been ~~was~~ tried at large in the public press. So far as the college is concerned, this would seem to be enough. Those students involved in the demonstration who are academically qualified to be students at Grinnell College are still students at Grinnell College.
